Aquarium Mall Aqua Bar

207 Commercial Street, Provincetown, MA

free and open to the public

This video installation has been moved to an alternate site...view video projection on the beach from the Aqua Bar deck.

This video hopes to draw attention to the significance of our local lighthouses and help organize their management by the Provincetown community.

Grace Gouveia was a Portuguese immigrant who arrived here in 1916 at the age of 7. She was an activist, community leader, teacher, poet and friend of artist Jay Critchley. Smoking Bomb is a personal homage to her and her inspired life and poetry.
